### Announcement.

I hereby announce myself a candidate for the office of County Judge of Lawrence county, subject to the action of the Democratic party.  
W. H. Woods.

We are authorized to announce

DAVID SHORT

We are authorized to announce  
JOHN A. COMPTON  
as a candidate for Magistrate in the district composed of the Fallsburg and Bear Creek precincts, subject to the action of the Democratic party.

Judge Bennett, of Greenup, was nominated for Congress yesterday by the Republicans of this district.

Judge Parker is an eminent jurist and true statesman—the combination needed in the White House, especially at the present time.

Samuel J. Pugh has declined to make the race against Congressman Kehoe and another convention has been called to find a lamb. Mr. Pugh has no desire to be run over by the wagon again.

Ex-Senator Henry G. Davis, of West Virginia, Democratic nominee for Vice President, is described by those who know him as a most remarkable man. He is as vigorous, both mentally and physically, as a man of sixty. His great popularity in West Virginia promises to overcome the majority of the Rep-Sens this year.

Congressman Kehoe's record as a representative of the whole people has been so satisfactory since his former race that nobody in this district except his opponent can be very anxious for a change. He gives the most careful attention to every matter brought before him by his constituents, regardless of their creed or position. No district in the country has a more faithful, intelligent Representative than has the Ninth District of Kentucky. He is practical and popular and gets results on almost every proposition undertaken by him. Let's keep him!

## City Council.

The City Council held its regular monthly meeting last Tuesday evening. Honorable business was transacted, among which the allowance of several claims. Outside of this there was not much done. The levy for 1905, for which assessment is now being made, was laid at seventy-five cents on each one hundred dollars worth of property. This is a raise of fifty percent over the levy of '94. It was agreed to pay the Water Works Company \$750 per annum for water to be used in case of fire and for sprinkling the streets. For this latter purpose the Company is to put in about thirty sprinkling hydrants without cost to the city, to be placed at various points along the course of the mains. Without good hose and a good deal of it, and this, we suppose, to be bought by the city, the water works system is practically without value as a defense against fire. We have not heard of any steps being taken looking to the providing in any manner for this hose. There must also be a hose carriage and a company to use it. In fact, there is much to do and much to provide before Louisa can successfully fight a fire.

## Attempted Jail Delivery.

John Edwards, confined in the County Jail on a charge of perjury, made a break for liberty last Friday night about eight o'clock, but he is still in duress, and that he is not food for worms is probably on account of "Dilly" Hinkle's bad aim. Edwards, George Sagraves and a man named Sparks were in the upper cells, and in the day walk, and had not yet been locked up for the night. About the hour mentioned Edwards knocked on the inner door and called for water. Dilly and Al. Hays responded to the call, and as they were about to open the outer door Edwards made a break for the outside. He had a club about two feet long, made from the oak handle of a mop which had been left in the walk. With this he aimed a blow at Hinkle, who in response aimed a "blow" at him, but the bullet flew wide of the mark. It was enough, however, to stop the man with the stick and any who might have intended to follow him. Edwards had in some way got a link in the chain which fastens the inner door and was all ready for escape provided he could get past the jailer. They are now occupying quarters on the lower floor, from which escape will be much more difficult.

Cards have been received in Louisa announcing the approaching marriage of Miss Ocie Fitzpatrick, of Prestonburg, to Mr. Legon, a member of the engineer corps now at work on the extension of the C. & O. Miss Fitzpatrick, who has relatives here and who is very pretty and popular girl, is the daughter of Hiram Fitzpatrick, one of the most prominent men in Floyd county. Mr. Legon is a worthy young gentleman and promising engineer. This paper proffers its congratulations.

A letter from Bishop Burtop, of the Episcopal Church, to Dr. G. W. Wooten, Sec. and Treas. of the Mission in Louisa, announces the appointment of the Rev. Walter S. Smith to the charge of Calvary Church, Ashland, and the Mission here. Mr. Smith has a fine reputation as a man and minister, and will no doubt be warmly greeted by his Church and the public. The notice of his first service here will be given.

## A CORRECTION.

In some unaccountable manner M. G. Thompson was announced in the News last week, as a candidate for jailer, when it should have been Sheriff. Mr. Thompson is one of the best men in our county. He lives on Little Blaine, and has been a deputy sheriff for some time. He is known as a rapacious, straightforward man and is quite popular with his acquaintances.

Miss Mattie Wallace has resigned her position as first assistant teacher in the public school and Mrs. C. J. Coray has been promoted to fill the vacancy. Miss Mabel Butler, a pupil in the school, is acting as supply until another teacher can be procured. Miss Wallace will go to Logan county, W. Va., to accept a position there as teacher.

The friends of the Rev. A. Leo Barrett, well known in this vicinity, will regret to learn that his health is so poor that his death may occur at any time. He is suffering from a complete breakdown of his nervous system. His home is at Harborsville, W. Va.

Dr. Harry Wood, of New Amsterdam, N. Y., is in Louisa visiting the family of his father-in-law, Col. Northrup. When he returns to his home he will be accompanied by Mrs. Wood and children, who have been here all the summer.

Dr. Jenkins is now occupying his new quarters over Gault Bros. store in the new bank block. He has a large, well-lighted operating room and a convenient laboratory. See his sign at the entrance down stairs.

Mr. Shipman, Sr., has gone to Lexington for a visit to relatives. While there he will, incidentally, of course, take a peep at the police.

## Fiscal Court.

Fiscal Court began Monday and will adjourn tomorrow. All the Magistrates are present and Judge Vinson presiding. The first day was taken up with the examination of some claims, mostly for pauper support, and the discussion of the proposition to put a steel bridge across Bear creek at Buchanan. There was a good deal said, pro and con, but it was decided to adopt the plan for a steel bridge. The bid of the Champion Bridge Company was accepted at \$2890.

On Wednesday T. S. Thompson presented a claim for the collection of taxes due Lawrence county on the franchise owned by the C. & O. Railway. It will be remembered that for a long time it was thought that such franchises were not taxable and were notified by the various railroads in the State. But the higher courts have held that they could be taxed, and when Mr. Thompson was County Attorney he began the work of attempting to get what was coming to this county. The sum was \$725.68. Some very good lawyers thought it would not and could not be collected, but Thompson persevered until the money was collected by him and paid into the county treasury. In many counties the attorneys were paid ten per cent, and in some as high as twenty per cent was paid for the collection. After a great deal of debate Mr. Thompson was allowed five hundred dollars, to be paid all fees and cost of collection.

## The Cat's Fork Tragedy.

John Ledman, who surrendered himself into custody, and who was charged with the murder of Buck Daniels at Cat's Fork, on Cat's Fork, of "Hinkle" some weeks ago, had an examining trial Monday and was discharged. The testimony showed conclusively that he was acting as peace-maker in what was an attempt on the part of Daniels to stab or cut someone else, and that Daniels turned in a fury upon Ledman, trying in every way to use his knife upon him. Ledman had his knife as his only weapon of defense. John Daniels, charged with assaulting Lindsey Webb, was held to bail in the sum of three hundred dollars, a default of which he was committed to jail to await the action of the October Grand Jury.

It is claimed that some interesting developments will be made at the next term of the Circuit Court, developments growing out of the recent whiskey election held on Twin Branch. It will perhaps be shown that a conspiracy was formed by Buck Daniels and his nephew, John Daniels, together with others, to do serious bodily injury to Lindsey Webb, purposely to kill him. This is a much graver offense than assault and it the parties are jointly indicted they are thus prevented from testifying for one another. The next term of the Lawrence Circuit Court promises to be quite an interesting term, and lest it might be forgotten the News again tells the tale. The fourth Monday, October 24th.

## Water Mains All Laid.

So far as present intentions are concerned all the water mains are now down and all the fire pipes are in. The water is let in every day, and it is by this means alone that leaks can be found. There are several of these, but this was to be expected. There are no leaks in the pipe sections, only in the joints. It is said that the reservoir is 500 feet long, 50 feet wide and 10 feet high. A reservoir of this size will hold when full nearly two and one-half million gallons. With this amount of water, Louisa would be amply supplied for any uses whatever.

## Death of Dr. Thomas Prichard.

The many friends and relatives in Louisa were greatly shocked Wednesday afternoon by the reception of the news that Dr. Thomas Prichard, of Huntington, was dead of blood poisoning. His hurt his leg some time ago, and quite recently he underwent an operation for relief. The discovery was then made that the leg had become infected, and from this he died Wednesday. Funeral services were held in Huntington yesterday and the body was then taken to Paris, Ky., where interment was made. Paris was the home of Dr. Prichard's wife, and he had recently bought the home place. Hence the burial there.

Dr. Prichard was the oldest child of Jack and Jane Prichard and was born in Boyd county about 45 years ago. His mother was a sister of Mr. Ellen Waldeck and Mrs. Wm. Carey. He attended the old Masonic Academy in this place and was a very bright boy. He studied medicine, and after graduation settled in Huntington, where he amassed a fortune by his successful practice, becoming one of the most prominent physicians in West Virginia. He married Miss Anna Fretwell, of Paris, and they had two children, both boys, the older being about fourteen years of age. Dr. Prichard's death is a distinct loss to the community in which he had lived so long, and will be deeply regretted by all who knew him.

## Tuesday's Registration.

The first registration of voters ever made in Louisa occurred last Tuesday. The "new-fangled thing to keep Republicans from voting" one man foolishly expressed it, worked very well; not in "keeping Republicans from voting", but in calling out a goodly number of voters and passing off quietly and without blith. The total registry was 328, which is very nearly the voting strength of the city. Of this number Lower Louisa cast 162 and Upper Louisa 66. In the upper precinct nearly all the voters declared their party affiliation, while in the lower voting place these declarations were not so general. Voters who refused or neglected to register lose their votes in November. Those who were sick or unavoidably absent may, upon application to the County Clerk and making proper oath and paying fifty cents, get a certificate from him entitling them, if otherwise qualified, to vote. Those who lose their certificates must do the same thing.

## About Your Broom Corn.

It is said that a considerable amount of broom corn has been raised in Lawrence county this year and some of it has already been brought to the Louisa Broom Factory. This firm makes it up in 25 quality of brooms at half that price, or will purchase the corn. But the seed must be stripped off of all corn before brought in.

Rev. Williams, pastor of the M. E. Church South, was called to Parkersburg Thursday by the illness of his family and will probably not get back here in time for services next Sunday. His family will move here as soon as their health will permit.

We are glad to learn that Rev. F. F. and P. Shannon, of this place, has been called pastor of a large church in Brooklyn. The salary is \$2000 and the work is very important. It is a very rare case when we see a minister of this size is selected for a station of this size.

Get our prices on hay, corn, meal, bran, rickelweed, flour, salt and chips, before buying elsewhere. Prices the lowest, qualities the best. Wholesale & Retail. Store opposite new depot.

Wm. Conkney was treated Wednesday, by the arrival of a fine Jersey cow, from his home folks at Kinross, Lawrence county.—Grayson Herald.

Judge W. M. Heckner, of Winchester, and T. P. Paynter, of Greenup, were in town over night on route up Big Sandy on a political mission.—Ashland Independent.

Rev. H. F. Caudill, of Russell, has resigned as pastor of the Russell Baptist Church. His resignation is to take effect January 1st. Mr. Caudill has faithfully served the people of Russell for a little over eight years.

Mrs. Joanna Jones has been in Lawrence county the past week getting proof in her pension claim, recently filed by Attorney Griffin. Mrs. Jones is the fourth wife of the deceased soldier, Isaiah Jones, all of his former wives being dead.—Greenup Democrat.

Dr. Smithfield Kiefer has moved his office rooms from Winchester avenue and 14th street to Winchester street, between 15th and 16th streets. White Dr. Kiefer has been in our city only a few years, he has built up a successful practice, and is doing well.

## REV. O. F. WILLIAMS.

This gentleman, who was appointed by the recent Conference at Fairmont, W. Va., to the pastorate of the Southern Methodist Church here held his first services here last Sunday morning and night. On both occasions he preached to large audiences, and he has made a most favorable impression on those who heard him. For his introductory sermon—the hardest sort of ore to preach, it seems to us—Mr. Williams took "Hope" for his subject—the "Anchor Within the Veil, Both Sure and Steadfast." True as is the subject, Mr. Williams succeeded in arousing the attention of his congregation and holding it to the end of what all who heard it write in saying was a most excellent discourse. His theme needed no argument and was presented to his audience simply as that element not quality without which man would be indeed miserable. Mr. Williams' figure of the Anchor of Hope, the Cable of Faith and the Haven of a Blessed Immortality, was presented in simple yet eloquent language.

Mr. Williams is an earnest preacher, a genial, likable man, and seems to have the elements of a good pastor. The News welcomes him to Louisa.

Our farmers are requested to bring in for exhibit all the various kinds of products heretofore shown at these fairs, as well as any others worthy of display. Entries should be made the first day, so as to give the secretary time to get proper record and avoid confusion.

It has been decided to put the fair on a slightly different basis this year. The chief aim has always been one of education, seeking to awaken new interest in farming and raise the standard of this great industry. We congratulate ourselves that much good has been accomplished. Heretofore small premiums have been used to stimulate the interest. It is now believed that the enterprise has reached the point where the interest is sufficient to put the fair on its proper basis and do away with prizes. Ribbons representing the decisions of the judges will be used. No entry fee will be charged. It is hoped and believed that our people will take as much interest in securing the line ribbon, or other ribbons indicating excellent quality, as in procuring a small cash prize. This is the higher idea and the one that will result in advancing agriculture and stock raising. So let all join in with enthusiasm and help to show the best of everything we produce.

Emergency Medication. It is a great convenience to have at hand reliable remedies for use in case of accident and for slight injuries and ailments. A good household and one that is last becoming a favorite if not a household necessity is Dr. Williams' Pink Pills. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When the pain is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by A. M. Hughes.

## THE ISTHMIAN CANAL.

About 12,000 Laborers, Half of Whom Are Skilled, Are at Work.

Chicago, Oct. 1.—John F. Wallace, chief engineer of the Panama Canal, delivered an address on "The Isthmian Canal" at a banquet given him here Friday night by 400 members of the Illinois Manufacturers' association at the Auditorium hotel.

Mr. Wallace said, in part: "The work before me is to determine the most practical plan and whether the canal is to be on the level of the sea or above. Estimates on a canal 50 feet above the sea level have been placed at \$144,000,000 for construction work, \$40,000,000 to France and \$10,000,000 to the Panama government. On my arrival in Panama three months ago I placed eight parties in the field for exploration purposes. We were to choose the plan providing for 50 feet above the sea level a number of dams would be necessary. After considerable investigation we found that such a route necessary for proper foundation would not be found less than 150 feet below the surface of the earth. With the sea level canal one dam at the Pacific end of the canal is all that is necessary. While the cost of the latter form of construction is higher, the results would be better and the canal could at any time be changed. As yet it has not been definitely decided which form of canal will be accepted, as the canal commission has not received the report of my investigations.

"Nothing serious is expected from the labor problem, as has been reported. About 12,000 laborers, half of whom are skilled workmen, are at work at present. While the efficiency of their work is not as great as can be secured, still it is adapted to the climate, the climate is not so unfavorable to outsiders because of their poor sanitary conditions."

VICKSBURG MILITARY PARK. War Department Makes Public the Report of the Commission.

Washington, Oct. 4.—The war department Monday made public the report of the Vicksburg national military park commission, consisting of William T. Barry, Stephen D. Lee and James G. Everett.

The report says that foundations have been constructed for the 39th Ohio regimental and battery monuments, which will be placed in position within a few months. The Iowa Vicksburg park commission has signed a contract for the construction of its memorial in the park at a cost of \$100,000. The Illinois Vicksburg park commission has arranged for the construction of a state memorial to cost \$200,000. The commission has approved the request of the Pennsylvania Vicksburg park commission to place its monument on a tract of land adjoining the general grant reservation on the north, the land embracing 2.59 acres to be purchased by the Pennsylvania commission and deeded to the United States. An estimate of \$150,000 is made for the necessary expenses by the commission at the next fiscal year and it is suggested that the appropriation be made immediately available to meet existing conditions.

JOE JEFFERSON QUITS. After 70 Years the Veteran Actor Resigns the Stage.

New York, Oct. 3.—Joseph Jefferson, after more than 70 years on the stage, during which time he has become one of the most honored and beloved members of the dramatic profession, has decided absolutely never to resume his theatrical career.

Deep regret was expressed by all who heard him make the announcement. Mr. Jefferson arrived here from Boston where he had spent a few days, recuperating from his recent illness at Buzzard's Bay, which caused the abandonment of his fall tour.

He is convalescent, but still must be judicious in guarding his returning strength, and he will have three weeks, after which he will go by easy stages to Florida, stopping in Washington for a time and again in Atlanta.
